

Ziegler Transfer Case

The Ziegler case, also called a body or disaster transfer case is used for transporting human remains without a casket. These cases are constructed out of 20 gauge steel with a channel gasket in the lid and are hermetically sealed with screws. Octagon flat top and crown top are stock items. Soft-Top Design enhances the overall appearance and can be lined to provide an affordable casket. Hot-melt seams inside dimensions (75 15/16" L x 11 7/8" D x 20 7/8" W x 20 7/8" W), outside dimensions (76 5/8" L x 12 1/4" D x 21 3/4" W). Crown flat top, Octagon flat top and Flat top designs are available.

Member price: *Crown flat top-\$356.25; Octagon flat top-\$346.25; Flat top-\$337.25*

*Contact GSG Endorsed Suppliers, Aurora Casket or Matthews International directly for Ziegler case pricing and availability – both companies maintain a small quantity in stock. You can reach Aurora Casket at (800) 457-1111 and Matthews International at (800) 223-4964.

[Vision Medical Unveils NEW! BioVu© HD Body Bag](#)

Designed for today's "high risk" bio-hazard exposures this unique body bag with optically clear interior vinyl panel allows viewing the remains contained in the bag. Secured inner panel also allows for examination of remains while maintaining "Chain of Custody" integrity using serialized tamper resistant zipper pull seals, BBID-KIT or new disaster ID kit. All seams are 100% RF heat sealed to eliminate any possible leakage. Impervious abrasion resistant 20 mil HD vinyl exterior material. Static Lift Tested to 650 LB Capacity. Available with or without the BioVu™ Clear Panel.

Member price: \$40; Adult Size 38" W x 94" L – new rectangular shape
